

INVESTMENT IN NEW FILLING LINE ADDS 8 MILLION UNITS PER YEAR TO OUR CAPACITY

Herrco Cosmetics has recently increased its capacity yet again for bottles and jars with the addition of another fully automatic filling suite.

It's no secret that Herrco Cosmetics continues to grow at a phenomenal rate, this latest investment shows our commitment to keep momentum up and strive for constant growth and improvements within our business. We believe that along with our world leading development team, our manufacturing facilities are currently second to none.

Our excellent new line is capable of filling up to 80 containers per minute (4800/hr) between fill sizes of 5-5,000ml with automatic cap tightening and labelling
