

# HERRCO GROWTH IS OUT OF THIS WORLD!

As well as currently building a new warehouse and acquiring 7 acres of land to meet our ambitions of the future we, have also bought our neighbours site to expand first.

The additional site will house further filling suites and allow us to introduce new technologies into our manufacturing and filling operations.

We also have plans to go into development and manufacturing of premium candles; naturally offering them at the same exceptional quality!

**THE NEW WAREHOUSE AND THE ADDITION OF OUR NEIGHBOURS MEANS WE HAVE GROWN OUR SITE BY 35% IN 6 MONTHS!**
