

NHS Approved manufacturing

It just gets better and better here at Herrco Cosmetics we are extremely pleased and proud to confirm we have recently passed an audit by none other than the NHS for production and safety standards for liquids and creams for cosmetic use products used in the national health service.

Sonia Rose, QC/QA manager commented "this is a huge achievement, showing Herrco's quality and safety standards are second to none"

Our successful certification ensures that our clients can relax in the knowledge that their products are being developed and manufactured to the very highest quality and safety assured standards!
